## INDEPENDENT AUDITOR'S REPORT

Members of Council  
Borough of Rochester  
350 Adams Street  
Rochester, Pennsylvania 15074

### **Report on the Financial Statements**

We have audited the Balance Sheet, Statement of Revenues and Expenditures, Debt Statement, and Statement of Capital Expenditures, and Employee Compensation - regulatory basis using the modified accrual basis of accounting as accepted by Department of Community and Economic Development (the Schedules) included in the Annual Audit and Financial Report of Rochester Borough, Commonwealth of Pennsylvania, as of December 31, 2017, and the results of its operations for the year then ended.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these Schedules in accordance with the financial reporting provisions as described in the instructions provided by the Pennsylvania Department of Community and Economic Development (DCED) to meet filing requirements in Pennsylvania. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these Schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedules. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the Schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedules in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as the evaluation of the overall presentation of the Schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

To meet the financial reporting requirements of Pennsylvania, the Schedules are prepared by Rochester Borough on the basis of the instructions provided by DCED, which is a basis of accounting other than accounting principles generally accepted in the United States of America. These requirements permit the Schedules to be prepared without financial statement disclosures, without cash flows, without component unit financial information, without government-wide financial statements, without management's discussion and analysis, without budgetary comparisons and historical pension information and require all funds to be aggregated by fund type on the Schedules. The effects on the financial statements of the significant differences between the modified accrual basis of accounting and accounting principles generally accepted in the United States of America are that revenues are recorded when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (60 days). Expenditures are recorded when a liability is incurred with the exception of debt service expenditures, which are recorded only when payment is due.

The effects on the Schedules of the variances between the regulatory basis of accounting described above and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the Schedules referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Rochester Borough as of December 31, 2017 and the results of its operations for the year then ended.

### **Basis for Qualified Opinion on Regulatory Basis of Accounting**

In addition, our audit was limited because we did not audit the Municipal or Police Pension Fund Rochester Borough. Accordingly, we do not express an opinion on the Police Pension or Non-Uniform Pension Funds, Fiduciary Fund Types. Our audit was also limited because we did not audit the Volunteer Fire Department of Rochester Borough. Accordingly, we do not express an opinion on the Volunteer Fire Department of Rochester Borough, which is a blended component unit of Rochester Borough. We were unable to audit the general fixed assets because detail fixed asset records are not maintained.

### **Qualified Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects as discussed in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the Schedules referred to above present fairly, in all material respects, the regulatory basis financial position of each fund as of December 31, 2017 and the regulatory results of its operations for the year then ended in accordance with the financial reporting provisions described in the instructions provided by DCED.

Borough Council  
Borough of Rochester  
Attn: John Barrett, Manager  
350 Adams Street  
Rochester, Pennsylvania 15074

We have audited the financial statements, prepared in the Department of Community and Economic Development's (DCED's) prescribed form, of Rochester Borough, Commonwealth of Pennsylvania, as of and for the year ended December 31, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 5, 2016. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Findings**

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. No new accounting policies were adopted, and the application of existing policies was not changed during 2017. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no material estimates noted during 2017.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

#### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated February 18, 2018.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.
